

## SOLVENT COLLECTION CABINETS (SCC)

Shown: Single cabinet fixed drum solvent collection system. (SCC-1-RP)

Shown: Dual cabinet with removable drums. (SCC-2-RP)

Wastech standard Solvent Collection Cabinets are designed to safely and efficiently collect and store solvents and other flammable liquids. Custom configurations including PLC control are available, call or e-mail Sales for more details.

### Specifications

- Safely store and transfer solvent waste automatically.
- Flammable storage cabinets are FM approved, comply with current OSHA regulations and are designed in accordance with the standards of NFPA code 30.
- Cabinet internals rated for Class 1 Division 1 hazardous environment.
- Cabinet designed for removable drums.
- Simplex (one drum) or duplex (two drums) configuration.
- 55-gallon or 110-gallon storage capacity.
- Designed to integrate directly with Wastech solvent lift station SSPLS series.
- Custom cabinet and tank sizes available, call or e-mail Sales for more details.

### Standard Features

- Heavy duty, reinforced 18-gauge all-welded double wall construction
- 3-point self-latching doors with non-spark latch
- Two 2" vents with flash arrestors
- Internal double containment with leak switch
- Tie Downs and adjustable leveling legs
- Finished in 2-part, chemical resistant and impact resistant urethane paint
- Low exhaust pressure switch
- All valves and piping are 316 stainless steel
- Pressure switch to detect low CDA to valves
- Air operated valves for drum filling
- Intrinsically safe level switch assemblies
- Steel rollers to facilitate drum removal
- Electrical grounding for cabinet and drums
- Electrical quick disconnects to remove level switches
- Drum valve quick disconnect system for ease of connection for removable drum units
- Standard control panel is remote-mounted and rated for non-hazardous locations (Hazardous panels can be supplied as an option)

### Optional Features

- Stainless steel cabinet
- Hazardous location rated control panel
- Load cells to allow for continuous level measurement.

### ORDERING INFORMATION

SCC	Solvent Collection Cabinet			
	<b>Number of Drums (Choose One)</b>			
-1	One 55 Gallon Drum			
-2	Two 55 Gallon Drums			
	<b>Enclosure Rating (Choose One)</b>			
-RP	Remote Mounted Panel, NEMA4 (non-classified area)			
-EX	Remote Mounted Panel, NEMA4 (Class 1 Division 2 purged panel)			
	<b>Drum Cabinet Options (Choose Any)</b>			
-LC	Includes Load Cells for Each Drum			
-SS	Stainless Steel Cabinet			
<b>Example Part Number</b>				
SCC	-1	-RP	-SS	SCC-1-R-RP-SS
SCC	-2	-EX	-LC	SCC-2-R-EX-LC

### DIMENSIONS AND TECHNICAL INFORMATION

Solvent Cabinet Outside Dimensions				
	Part #	Width X (in)	Depth Y (in)	Height Z (in)
One Drum	SCC-1	38	31	77
Two Drum	SCC-2	66	31	77

Control Panel - Dual removable drum cabinet system with remote mount version for non classified area.
